ABOUT OUR COVER: We believe this interesting early oilfield picture was taken in the Wichita area, and hope someone will recognize the smiling gentleman and let us know. This great truck picture, probably taken in Wichita, shows a man loading sacks of coal. Written on the back: "Sacked coal can be loaded onto the side or rear of trucks which greatly facilitates the operation." If you have any information about either picture please call us, or write the Territorial at P.O. Box E, Garden City, KS 67846, or email us at jbrown2511@cox.net. Barbara Oringderff, Editor/Publisher.
